### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Craig Cox on 1/19/07.
3. Applicant stated that the system is for managing the resources among the plurality of applications operating on a computer, which therefore makes the claim statutory. However, this only indicated the capability (intended usage) of the system. By removing the "for", the system is actively managing the allocation of computer resources among executing applications on a computer. Therefore, this system requires the computer, which place it in a statutory category of invention.
4. The application has been amended as follows:  
In the claims:
  - In Claim 1, line 1, delete "for".
